
MORE THAN

Conquering all of the

Obstacles that life can sometimes bring,

Never giving up on our

Quest to achieve the

Unexpected, and our lifelong dreams

Exceeding others' expectations regardless of our history. Becoming

Resilient to negative situations by

Overcoming them victoriously.

Remembering to keep the faith and always be optimistic, showing the World that I'm a conqueror and not a

Statistic.

More Than

Conquerors

Phone: 919-575-0746

Program Features:

More Than Conquerors' mission is to design services for adults who have a primary diagnosis of mental retardation and other disabilities that meet the holistic needs of each individual in our care.

Consumers will be motivated to become "**more than conquerors**" as our name indicates, by accentuating their strengths, and God given talents. Our main goal is to discover and tap into those strengths, support them with setting attainable goals, and expose them to resources that will help them reach their highest potential. Consumers will be encouraged to function efficiently in society, by remaining an active part of the community, continuing with familiar activities, and having the support to explore new opportunities.

The adults in our care will participate in decision making, along with parents, and other stakeholders that will compliment their progress. Consumers will work together to plan their community activities for the month, to promote teamwork, confidence, and leadership skills, while expressing, and discussing their varied interests. We will network with

local agencies such as gyms, community centers, Churches, and other Recreational programs to give the consumers the opportunity to meet new people, and build lifelong relationships. More Than Conquerors caters to each individual regardless of cultural background, socioeconomic status, age, gender, sexual orientation, language, and spiritual beliefs.

Ultimately, we at More Than Conquerors, want to create a multicultural environment, filled with love, praise, acceptance, and a comfortable feeling of home. We want to leave a mark in each individual's heart that cannot be erased.

Executive Summary

Matt and Danielle Mayes are the founders of **More Than Conquerors**. They are dedicated to providing quality care for adults in a therapeutic residential setting. Mr. Mayes has 22 years of experience in the Human Services Field, and has maintained an excellent reputation in this industry. In fact, Mr. Mayes has experience working with clients from all populations, which include: MR, MI, Thomas S Clients, B.E.D. students,

and brain injured patients.

Mrs. Mayes graduated from UNC at Wilmington, with a Bachelor of Psychology. She worked with a local Housing Authority's Drug Elimination Program for 3 years. She assisted with tutorial programs, youth development, and the juvenile delinquency prevention services. She also has 5 years of Management experience, where she has had extensive Human Relations and Communication Skills training. Mrs. Mayes has also owned and operated her own 4 Star Family Daycare Home for three years.

In addition, our program is staffed with an awesome team which includes a Director, 2 QDDPs, a Residential Treatment Manager, and Habilitation Technicians who receive First Aid/CPR, NCI, BBP, Medication Administration, Cultural Diversity, Code of Ethics/Code of Conduct, Advocacy, Health & Safety, and much more training. Eighty percent of our staff has a minimum of 13 years of experience. We only recruit applicants who genuinely care about people and the quality of their future.

Contact us if you know someone who needs a new beginning, in a place where strength, integrity, and freedom win, and limitations are defeated!
